### Description:

The beloved *New York Times* bestseller that *Entertainment Weekly* described as “sparkling” and says “get[s] under your skin.” You won’t soon forget this heart-wrenching, unflinching story of love shared, life lived, and two teens who find each other while standing on the edge.

Soon to be a major motion picture starring Elle Fanning!

Theodore Finch is fascinated by death. Every day he thinks of ways he might kill himself, but every day he also searches for—and manages to find—*something* to keep him here, and alive, and awake.

Violet Markey lives for the future, counting the days until graduation, when she can escape her small Indiana town and her aching grief in the wake of her sister's recent death.

When Finch and Violet meet on the ledge of the bell tower at school—six stories above the ground—it's unclear who saves whom. Soon it's only with Violet that Finch can be himself. And it's only with Finch that Violet can forget to count away the days and start living them. But as Violet's world grows, Finch's begins to shrink. . . .
